

SHAFIN KHAN PATHAN

Frontend Software Engineer | React, TypeScript, JavaScript

[linkedin.com/in/shafin-khan-pathan](#) | [github.com/ShafinKhan-Pathan](#) | kshafin575@gmail.com | Houston, Texas | [shafinkhan.io](#)

Frontend Software Engineer focused on React, TypeScript, JavaScript, and Next.js, with hands-on experience building responsive user interfaces and production-ready web applications through internship, volunteer, and project-based work. Currently contributing to active product features at Intentful Work and Dev Launchers across QA workflows, authentication support, REST API integration, design system usage, code reviews, and UX improvements. Authorized to work in the U.S.

Professional Experience

Intentful Work Remote | 04/2026 - Present
Full Stack Engineer Intern

- Set up the local environment using WSL, Ubuntu, dependencies, and API keys by following technical documentation with minimal support during onboarding.
- Completed end-to-end QA across 8+ beta workflows, validating user login, admin access, job creation, role-fit analysis, resume actions, and applied jobs.
- Built a Prisma + TypeScript admin setup script with bcrypt password hashing to support local testing and authentication workflow validation.
- Explored Prisma schema models and user role logic to understand admin access, authentication, and beta platform workflows.
- Improved the resume workflow using React, Next.js, TypeScript, and Tailwind by organizing preview/download actions and refining preview-mode UX.

Dev Launchers Remote | 12/2025 - Present
React Developer (Volunteer)

- Contributed to IdeaSpace, a production-level platform for submitting, browsing, and workshopping product ideas.
- Implemented dark mode user interface updates across IdeaSpace using React, TypeScript, Tailwind CSS, Figma specs, and Storybook design system components.
- Redesigned the signed-out Comment Feed prompt with dark mode styling, clearer copy hierarchy, and a primary Storybook CTA.
- Built logged-in comment like/unlike functionality with Strapi integration, duplicate-like prevention, and real-time UI updates.
- Added a public/editable idea notification badge and improved Ideas grid responsiveness across mobile, tablet, and desktop.
- Collaborated through Git/GitHub PRs, code reviews, Figma designs, and agile team workflows across 5+ tickets.

Frontend Simplified Remote | 05/2025 - 02/2026
Frontend Engineer Intern

Key Projects: **Summarist** | **Skinstric AI** | **NFT Ultraverse**

- Built frontend apps with authentication, payments, REST APIs, responsive UI, and 90+ Lighthouse scores.
- Developed Summarist with protected routes, guest access, premium content flow, Stripe subscriptions, debounced search, skeleton loaders, and global audio playback.
- Built Skinstric AI with React Hook Form validation, Base64 image processing, MediaDevices camera capture, Canvas, and dynamic result pages.
- Created responsive UIs with reusable components, filtering, pagination, GSAP animations, loading/error states, and scalable project structure.
- Organized reusable API service layers and loading/error patterns to keep components cleaner and easier to maintain.

Projects

AI Website Explainer: Live Demo | [GitHub](#)

- Built an embeddable AI widget using React, TypeScript, Node.js, Express, and OpenAI to explain website content with real-time follow-up chat.

GetHired – Job Portal: Live Demo | [GitHub](#)

- Built a full-stack job portal using Clerk, Supabase, Tailwind, and ShadCN with role-based authentication, responsive UI, and API workflows.

Technical Skills

Languages: TypeScript, JavaScript (ES6+), HTML5, CSS3

Frontend: React, Next.js, Redux Toolkit, React Router, React Hook Form, Tailwind CSS, ShadCN/UI, Storybook, GSAP

Backend & APIs: Node.js, Express.js, REST APIs, OpenAI API, Firebase, Supabase, Clerk, Stripe

Tools & Platforms: Git, GitHub, Axios, Vercel, Docker, Figma, Vite

Education

Bachelor of Computer Applications (BCA), Computer Science - St. Xavier's College, Ahmedabad 06/2019 - 01/2023
Frontend Development Bootcamp (Certification) - Frontend Simplified (FES Institute) 08/2024 - 12/2025
